Welcome To BreyerFest®

Hallo, Hallo, Hallo!

Welcome!

Breyer Animal Creations®, makers of the world's finest model horses, has hosted BreyerFest®, our annual gathering of horse lovers and model horse collectors for 23 years! With the London Olympics just a week away, we've combined our love of all things British with BreyerFest to create **BreyerFest British Invasion!** We've added many new activities and changed our schedule this year. Please review this program early and refer to it often so you don't miss a thing! Watch our new television monitors for updates to keep you on course.

Covered Arena: Our new arena show includes equine entertainment blocks that feature a **Rare British Breeds Showcase, a Breyer Portrait Model Showcase,** and our amazing Guest Horses and Headliners! See pages 8 & 9 to learn more!

Big Schedule Changes:

- The **Live Auction** is now on **Friday night at the Hall of Champions!**
- **Workshops** are in the Covered Arena Gallery, the Restaurant Annex or the Visitor Information Center. *(Nothing will be held in the USEF building)*
- The Hobby Information Booth is now the **Hands-on Hobby Booth** located in the **Piccadilly Circus Arena** *(formerly known as the Crafts & Activity Area).*
- The new **British Theme Store** is also in the **Piccadilly Circus Arena.**
- **Kentucky Shakespeare** will be in the Piccadilly Circus Arena and will feature *Romeo & Juliet* (Fri.), *A Midsummer Night's Dream* (Sat.) and *The Taming of the Shrew* (Sun.)
- Saturday evening now features **Beatles Tribute Band BritBeat** in concert and the **Poppycock Parade!** Both will be held in the **Alltech Arena.**
- **Best of Britain Display Contest** will be in the alcove in the **Covered Arena** which formerly housed the old Hobby Information Booth.

Hyde Park:

- Here's where you will find Pony Rides, Petting Zoo, and Dog Agility (Sat. only), plus Cricket Demos (Sat. only). We are thrilled to welcome the **Kentucky United Cricket Club!**

As always, stop by our Help Desk (located near our giant inflatable horse Fluffy) for help with anything!

We're glad you're here! **Cheers!**

British Breed Showcase!

In honor of BreyerFest British Invasion, Breyer has gathered representatives of some of Britain's most treasured native breeds, most of which are now on the **UK's Rare Breeds Survival Trust's Watch List (*)**. Don't miss the opportunity to see these rare breeds up close!

Cleveland Bay*

England's oldest established breed, the Cleveland Bay takes its name from the Cleveland district of Yorkshire. Always bay in color, these tall and muscular horses are enjoyed for both driving and riding. The part-bred Cleveland Bay IdleHour Savanna, owned and presented by Maggie Johnston, will be performing with Squire, a Clydesdale owned and presented by Danny Hazel.

Idlehour Savanna

Clydesdale*

The quintessential draft horse, the Clydesdale breed originated in Scotland in the 19th century. These towering horses stand upwards of 16hh and can weigh over 1,600 lbs. Originally bred for pulling heavy loads and working on farms, the Clydesdale is presented by Rene Petz of Scotch Bottom Clydesdales.

Dales Pony*

Native to England, the Dales Pony was bred to be a pack pony, carrying heavy loads while navigating rough terrain. Their strength and sure-footedness made them an asset in areas where larger horses would have trouble traveling. The Dales Pony is represented at BreyerFest by Baroque Farms.

Thornville Dan

Fell Pony*

Closely related to the Dales Pony, the Fell Pony has its roots in northern England where they were used for farm work, packing goods, riding and driving. This agile and dependable breed is represented by "Littletree Born Supremacy," owned and ridden by Allison Wolff and "Littletree Sirius Black," owned and handled by Heather Kyle of Scafell Pike Fell Ponies.

Littletree Born Supremacy

Gypsy Vanners

The breed known today as the Gypsy Vanner was created by the Gypsies of Great Britain, with the goal of producing a caravan horse resembling a small draft - but with more color and feathering! Highly prized by their Gypsy owners, the first Gypsy Vanners were imported to the USA in 1996. Gypsy Vanners are well-represented at BreyerFest by Breyer portrait model Taskin, special guest Odd Job Bob and the beautiful Gypsy horses presented by Pegasus Place Gypsies, Bootleg Farm, and T-N-T Gypsy Horses!

Hackney Horses & Ponies*

Hailing from Norfolk, England, the high-stepping Hackney Horse and Pony were bred for speed and style! According to the American Hackney Horse Society, these steeds were the "ultimate driving machine of the 1880's both in America and Britain." These flashy horses and ponies are still bringing their glamour to carriage driving today! Breyer portrait model Heartland High Tech is a fine example of a Hackney Pony, and other beautiful representatives of the Hackney breed are presented by members of the American Hackney Horse Society.

Welsh Cob

The Welsh Cob originated in Wales, UK, where they flourished despite adverse conditions and became a favored form of transportation! These robust equines have a kind nature, and are well-suited for both driving and riding. The Welsh Cob is presented by Kelly Gage and Team EnGaged.

Beneficiaries & Raffles

Through the support of BreyerFest guests and attendees, Breyer is able to support organizations like The Cloud Foundation, Return To Freedom, Mid-Atlantic Horse Rescue, The Humane Society, and countless other non-profit groups. The funds raised through the BreyerFest Live and Silent Auctions and daily raffles go towards our support of numerous equine welfare organizations, children's charities and environmental protection groups. Over the last 23 years, Breyer has donated more than \$850,000 thanks to the continued generosity of BreyerFest attendees! **We are pleased to support the following groups as 2012 BreyerFest Beneficiaries:**

Professional Association of Therapeutic Horsemanship International (formerly NARHA)

Since 1969, PATH International has provided Equine Assisted Activity and Therapy (EAAT) programs in the United States and Canada through its network of nearly 800 member centers. Each year, dozens of new centers initiate new programs and more than 42,000 individuals with special needs benefit from activities which include therapeutic riding, hippotherapy, equine facilitated psychotherapy and learning, driving, interactive vaulting and competition. Headquartered in Denver, Colorado, PATH's mission is to "change and enrich lives by promoting excellence in equine assisted activities." To accomplish this mission, PATH fosters safe, professional, ethical and therapeutic equine activities through education, communication, research and standards. The association ensures its standards are met through an accreditation process for centers and a certification process for instructors. www.pathintl.org

Equine Land Conservation Resource

Loss of open land has been identified as the greatest threat to the future of all equestrian sport, recreation, and industry. By educating horse people and encouraging partnerships with

conservationists and other user groups at the local level the Equine Land Conservation Resource is mobilizing thousands of equestrians to work for land access and protection in their communities.

4H Eastern Western Round-Ups

4-H is the nation's largest youth development organization. More than 6 million 4-H youth in urban neighborhoods, suburban schoolyards and rural farming communities stand out among their peers: building revolutionary opportunities and implementing community-wide change at an early age. As the youth development program of the nation's 109 land-grant universities and the Cooperative Extension System, 4-H fosters an innovative, "learn by doing" approach with proven results.

The Makers Mark Secretariat Center

The Maker's Mark Secretariat Center is a 22-acre Thoroughbred Retirement Foundation non-profit facility located at the Kentucky Horse Park. Its mission is two fold. First, to take off track Thoroughbreds from rescue agencies and private owners across the nation and, using a combination of training methods, make them suitable for adoption as performance or pleasure horses in second careers. Second, herald the value and athleticism of the off track Thoroughbred through education and outreach programs. Opened in October 2004, thanks to the generosity of Keeneland, Maker's Mark, Mary Lou Whitney, Castleton Lyons, and a host of others within the Thoroughbred industry, the Maker's Mark Secretariat Center, has space for 10-15 horses in retraining. Using the Horse Centered ReSchooling Program, a holistic, interdisciplinary training system, the TRF-MMSC gives horses a basic foundation for new disciplines in 30 to 45 days and puts them up for adoption. Be sure to include a visit to the Secretariat Center during your visit to BreyerFest!

Your raffle, and live and silent auction purchases help to support equestrian organizations in need!

Mariah's Boon - 2012 Celebration Horse

An American Drum Horse stallion who was ill for months with "hardware disease" hasn't looked back since his recovery and is now immortalized as a Breyer model horse.

Mariah's Boon was a patient at the University of Florida's Large Animal Hospital between 2008 and 2009, when he received two surgeries and numerous checkups for an abdominal abscess caused by a small wire that had penetrated his stomach.

American Drum Horses are a relatively new breed made up of a combination of Shire, Clydesdale, and Gypsy Horses, where none of the three breeds exceed 87% (7/8) of the total make-up, and the percentage of Gypsy Horse blood does not fall below 12.5% (1/8). The inspiration for the American Drum Horse is the working horses still found carrying riders and heavy kettledrums in the Queen of England's cavalry.

After his health problems resolved, he's been busy in the show ring, winning such accolades as Grand Champion Stallion at the Florida State Fair for two years in a row and receiving Grand Champion Drum, Grand Champion Performance Drum and Grand Champion High Point Drum from the Feathered Horse Classic in Georgia.

Although many a horse owner might covet being selected as the Celebration Breyer Horse, for Moon - although she says she is honored by the designation - the real prize is Boon's life, which she credits UF's large animal veterinarians and other staff for saving.

After a show, Moon noticed Boon had a fever. Her veterinarian recommended a trip to the UF Large Animal Hospital. UF veterinarians

Chris Sanchez and Laura Javscas found a basketball-sized abscess in Boon's abdomen. He also had an infection of the sac surrounding his heart. Because of the location of the abscess and involvement of the heart, veterinarians suspected that Boon ate something that penetrated the wall of his stomach and into his chest - they just couldn't find the culprit.

Boon improved initially, but the abscess returned. Boon received a second surgery at UF, during which Dr Ali Morton created a portal from the abscess to Boon's skin. This allowed improved drainage of the abscess after surgery. Eventually, the hole shrank to the size of a straw. Then one day during a cleaning, Moon saw something dark in the catheter. She pulled out a piece of metal.

A few days later, more metal came out. The culprits were found and the abscess continued to shrink in size. Within a year, it was the size of a grape and Boon looked like he had never been sick.

"I still carry those pieces of metal around in my truck," Moon said. "It was a miracle. I am so thankful the UF veterinarians never gave up. They came across an obstacle, put their heads together and came up with a new plan. There was nothing in the books they could follow for what Boon had."

CinnamonMewMew Rules YouTube!

In the world of Breyer videos, a 19-year-old Welsh teenager rules! Amy Davies, 19, who is better known by her YouTube handle CinnamonMewMew has a YouTube channel that features more than 220 videos created by Davies over the last four years. These videos have garnered Davies nearly 5 million views. Amy has been collecting Breyer models since she was ten. The gift of a video camera and a love of storytelling lead her to combine these interests and

in 2008, she started posting her first videos featuring Breyer model horses on YouTube. As news of her videos spread to other Breyer fans, she gained a huge following of young girls who love horses, Breyer model horses and creating videos with them for YouTube. Amy will be teaching two video workshops this year. If you haven't signed up and want to attend, visit the Breyer Booth (*cash only*).

Adequan FEI North American Young Riders Championships Presented by Gotham North

BreyerFest is happy to be sharing the Kentucky Horse Park this year with the premier equestrian competition in North America for junior and young riders, age 14-21. Young equestrians come from the United States, Bermuda, Canada, Mexico, Puerto Rico, and the Caribbean Islands to vie for team and individual FEI medals in the three Olympic equestrian disciplines of show jumping, dressage, eventing and the FEI World Equestrian Games disciplines of reining and endurance. The competition is run under rules of the FEI (Federation Equestre Internationale), the international governing body for equestrian sport, and is the only FEI championship held annually in this country. Many of North America's best equestrians who now regularly represent their country on Olympic, World Championship and Nations Cup teams got their first taste of International experience at NAJYRC. These include Olympic medalists Greg Best, Karen O'Connor, Chris Kappler and McLain Ward. Take some time to watch these elite young riders now!
